EMERALD

Upholstery

Celebrating over 20 years manufacturing quality upholstery products, we are pleased to offer our new range for 2017/2018. Since 1996 the company has provided 3 piece suites to homes all over the UK, producing beautiful pieces for the home at affordable prices. Our design led approach ensures we use only the finest materials, and we pride ourselves on providing a high level service to all our customers.

Our high standards are maintained through all stages of production, from initial design through to the final product, all of our upholstery manufacturing is done in-house to ensure that our high standards and customer expectancy levels are met. We boast a quality range of designs to choose from with a huge range of fabrics to match.

The frames are made from seasoned hardwood, constructed to withstand warping and cracking.

The suspension system of each of our model is carefully selected and constructed to provide the right style and feel using no-sag double tempered zigzag springs and high quality cotton cloth, which is carefully selected for extra strength.

Every item manufactured is made by our experienced craftsman with only quality in mind.

All goods are inspected to assure quality before they are loaded on to be delivered.

Please browse through this brochure and see some of the fine pieces of furniture we have to offer, please do not hesitate to contact us with any enquiries.

Contents

Emerald Upholstery Ltd has been handcrafting sofas & upholstery in England for over 20 Years.

What sets an Emerald Upholstery sofa apart is its beautiful, luxurious finish, traditional construction, attention to detail and a range of stunning and exclusive fabrics.

ARM COVERS

Legal Stuff...

If you have made it this far, more than likely you are contemplating purchasing one of our quality products. Before committing to buy, we recommend all our customers read through this in order for you to make a considered purchase. If there are any details which are unclear, please ask the retailer to contact us and we will be more than happy to talk things through.

OUR PRODUCTS

Standard Products:

These are as per the same colours and images shown in our catalogue. Standard sizes are those which are in the brochure taking into account manufacturing tolerances. Any deviation from this including but not restricted to colours, fabric, feet or size adjustment will be classed as a Custom 'Made to Order' Item.

Made to Order:

All of our products can be custom made to your specification. Please note however that Consumer Contract regulations will then not apply to your order. Also Distance selling regulations do not apply to a product that is 'Made to Order'.

DELIVERY

For Fabric items including 'Made to Order', our standard delivery times are between 7-28 days. If the fabric you have chosen is not available or out of stock, we will keep you advised of when it will be expected and/or provide a list of alternatives.

For Leather Items including 'Made to Order', delivery lead times are 8-12 Weeks from order.

RETURNS AND REPAIRS

As a company, we always ensure our products are of the highest quality, however there can be rare occurrences when a fault may occur.

If a fault does occur, do not worry. Follow these simple steps and we will resolve the issue as quickly as possible.

- 1, Take Images of the fault, and also the batch codes under the seat cushion.

- 2, Pass these on to the retailer, who will forward them to us. In some cases we ask the retailer to visit the property in order to determine the cause prior to a repair being carried out.
- 3, If the item can be repaired on site, we will endeavour to do so.
- 4, In the unlikely event this cannot be rectified in your home, the retailer will collect the item and deliver it back to you within 28 days.

We will not be liable for any direct or indirect loss of profits or other financial loss or damage arising out of defective or damaged goods, over and above the value of the goods themselves.

Please note it is your responsibility to take good care of the product, even when returning it due to a defect. You are the owner of the furniture once it has been delivered to you and you are liable for any loss or damage.

CUSHIONS

All Seat and Back cushions will require regular plumping to maintain their Shape.

LEATHER & FABRICS

Please note when ordering:

Slight colour variations are inevitable from one batch to another so we are unable to guarantee an exact colour match to any sample book or previously ordered furniture.

DEVELOPMENT POLICY

As we are continuously developing our product, we reserve the right to alter any specification and/ or size without prior notice.

YOUR STATUTORY RIGHTS

None of these Terms and Conditions affect your statutory rights and in case of conflict, your statutory rights will prevail.

LOOKING AFTER YOUR FURNITURE FABRIC UPHOLSTERY

In order to ensure product longevity, please use the following tips:

Gently vacuum clean your furniture as dust deposits can cause fabric wear and colour fading. Do not use soap or detergent and water. We cannot guarantee resistance to wet rubbing and this may cause colour change. Water can also cause damage by being absorbed into the filling. In case of spillage, dry and remove stains by using a dry/ damp cloth. If using cleaning fluid, please follow the manufacturers instructions.

For more stubborn stains, please contact a professional cleaning company. Wood Areas should be wiped daily with a soft dry duster.

DO NOT USE SPRAY FURNITURE POLISH

Sharp objects, including pets' claws can cause permanent damage.

Do not sit on arms or the front edge of seat cushions. Direct Sunlight can cause colour fading. Shading: All fabrics including chenille and velvets are subject to a certain degree of Shading or Creasing effect. This is also known as 'pile pressure', 'watermarking' or 'pooling'. This can occur randomly and can be irregular in shape. This does not affect the quality or wear life of the fabric and is not a fault in manufacturing. This can become more prominent by excessive use or lighting and can be minimised by occasional steaming and regular brushing with a soft brush.

Ensure even use of the furniture by turning all loose cushions and avoid sitting in the same area all the time.

With our cushions, please note that certain fabrics can result in a little bagginess which can be usually smoothed out by hand.

Also with all cushions, it may be necessary to adjust the interiors from time to time if the fabric has rotated and is not fully aligned with the borders. Carefully undo the zip and adjust the interior accordingly.
